

Houston Fund *for*

SOCIAL JUSTICE

and **ECONOMIC EQUITY**

Data-Driven Decisions:

The Task Force engaged diverse business support organizations, chambers of commerce, academic and research institutions, incubators and accelerators, entrepreneurs, investors, funders, small business advocates and other stakeholders in a series of discussions to identify the gaps affecting the profitability and sustainability of Houston minority and women-owned businesses. The resulting research and recommendations were developed into a Small Business Report presented to the Mayor of Houston in 2019.
